

COURTSIDE QUICK USER GUIDE

Select a Game

From the list of games displayed select the game to be scored

Select Match Players

1. Add an existing player from the team list to 'Playing the Game' by selecting their name, you may need to edit their player number. Select Next team and repeat this process.
2. Once all players are selected, click the 'Finish Setup' Button.
3. No new players can be added at this level.

Adding Points and Fouls

1. To add scores and fouls to the match select the players name first then select +1, +2, +3 or foul after. This sequence can be reversed (ie click +2 first then player after)
2. You can also add a Disqualifying/Technical/Unsportsmanlike foul by clicking the respective button.

Correcting Mistakes

If you discover an error immediately, select the 'Undo Last' button to have the last action cancelled. For earlier mistakes, select the 'Action Log' button. Once in, find your mistake and click the edit button next to it. This will allow you to correct the action.

Add/Remove Players

If you need to add a player during the game : Select 'EDIT' next to the appropriate team name. Then follow the steps outlined in 'Select Match Players'

Adjusting the Time

You can use the START/STOP clock button to start and stop the clock. If you need to edit the time select 'Edit Clock'. Once in, use a scroll action to edit the MINUTE and SECOND column. Or use the shortcut buttons at the bottom.

If there is something you still don't understand, please ask the referee or court manager.
